

Lorenzo
Moretti...

...my love
for you has
been infinite
and eternal.

I pray to the moon
that the death of my
love for you will bring
death to the hearts
of you and your
descendants.

As long as men
of the Moretti
family exist, they
will be forced to
choose between
success and love.

*They will
be prohibited from
obtaining both.*

*With all my
body and soul
I'll avenge the
agony you put
me through.*
